SEARCH FOR WALL STREET BOMBERS FRUITLESS

WAGON, HORSESHOES AND HARNESS FURNISH ONLY POSSIBLE CLUES

EXPLOSION IN GENOA, ITALY, STOCK EX- CHANGE BELIEVED TO BE PART OF ANARCHIST PLOT

FLYNN SURE IT IS WORK OF REDS

NEW YORK, Sept. 18.—Federal, municipal and private operatives alike reported little progress today in establishing the identity of the alleged radical responsible for Thursday's bomb explosion which resulted in the death of 23 persons and the injury of 200. According to authorities, their chief interest in locating the driver of the "bomb wagon" was to find out through him the person "higher up." While the driver apparently was a trusted agent of the alleged plotters, it was not believed that he was in the inner council. The shoes removed from the horse which drew the wagon apparently remained the best clue.

Wm. J. Flynn, chief of the Department of Justice operatives, expressed belief today that Edward Fischer, arrested in Hamilton, Ont., on a charge of insanity, knew nothing about the explosion despite the fact that he sent warning letter to friend about the outrage in Wall Street. Flynn said he thought Fischer was "harmlessly insane."

More bomb outrages were feared today following discovery of pamphlets indicating the "anarchist fighters" who mailed scores of bombs to prominent citizens in May, 1919, were responsible for the Wall Street explosion Thursday.

Every operative of the Federal Government's detective spy system which resulted in the downfall of many German plots and bomb explosions during the war, were thrown into the hunt for the plotters today in an attempt to run them down before further outrages. The investigation in New York was in personal charge of Attorney General Palmer. It was learned that Palmer's dash to New York followed the discovery of anarchist literature in mail boxes near the scene of the explosion. The pamphlets are believed to have been put in the mail boxes yesterday morning.

There were 23 bodies at the city morgue today and two more were reported dead at hospitals.

HAMILTON, Ont., Sept. 18.—Edward Fischer, of New York, who sent letter warning friends of Thursday's bomb explosion in Wall Street, was held in jail here today pending deportation to the United States. Despite the efforts of his brother in law Robert Pope, to have Fischer sent to an insane asylum, it was believed the American authorities who have arrived here will succeed in having him removed to New York. Fischer is an American citizen and the Canadian law provides for his deportation as an undesirable alien. The only charge against Fischer is that of insanity.

GENOA (ITALY), Sept. 17. (Delayed.)—A bomb was exploded in the Genoa stock exchange today. There were no casualties and the damage was comparatively slight. No one has been held.

WASHINGTON, Sept. 18.—Government officials today were seeking to learn whether there is any connection between the Wall Street bomb explosion and the explosion yesterday in the stock exchange at Genoa, Italy. Reports from American intelligence officers in Italy were expected to reach here by the end of the day.

signed by the "anarchist fighters" of America, connects the present catastrophe with the attempted bombing in May, 1919, Justice Department officials pointed out. Attorney General Palmer at that time connected the bomb outrages with the Russian Bolsheviks. He expects to trace a direct connection between the radicals and their agents in the United States.

NEW YORK, Sept. 18.—The police announced today that the harness worn by the horse which drew the "bomb wagon" was apparently made for a coach horse. They express the belief that it had been manufactured in Kingston, N. Y., and have sent operatives to investigate. The detectives this afternoon decided to inspect the street sweepings taken from Wall Street after the explosion. These sweepings were on a scow bound for a dumping ground at sea. A tug was sent out after the scow and it will be brought back in an effort to obtain additional clues.

HARD COAL MEN GO BACK MONDAY

SCRANTON, Sept. 18.—The "vacationists" strike of anthracite mine workers in District No. 1 will be definitely at an end Monday morning the "vacationists" having unanimously voted at a meeting here yesterday to return to work on that date in accordance with the advice of the tri-district policy committee which met in Hazleton. Practically all of the colliers in the district are already operating and many "vacationists" are not waiting until Monday to return to work but started this morning.

CAPT. PRICE REFUSED NEW TRIAL

PITTSBURGH, Sept. 18.—Captain Earl Price, University of Pittsburgh student, who last May was convicted of manslaughter in connection with the murder of Albert Love, a negro bell boy at a local hotel, was refused a new trial by Judge Haymaker today. Price's home is in Racine, Wis. His attorney will take a further appeal.

CLOSING STOCKS

NEW YORK, Sept. 18.—Closing prices on the stock exchange today were: American Locomotive 97, Baldwin Locomotive 113½, B. & O. 44½, Canadian Pacific 122, Crucible Steel 127½, Erie Railroad 20½, General Motors 21½, General Electric 143½, Midvale 40, Penna. 42½, Republic Iron and Steel 84, St. Clair 61¼, United States Steel 61½, Westinghouse Electric 49.

GERMANS EAT CROW

BERLIN, Sept. 18.—A company of German Reichswehr saluted the flag over the French consulate at Breslau yesterday in apology for a recent attack on that building. Martial law was in effect throughout the day as a precaution against anti-French demonstrations.

ANOTHER FORD VICTIM

Harford, Md. lost a one-round battle with his flapper on Thursday evening and as a result is going about with his good right arm in a sling. He was cracking the Ford with the usual result and he will enjoy an enforced vacation for the next few weeks.

ANTI-THOMPSON MEN SWING INTO LEAD IN ILLINOIS

CHICAGO, Sept. 18.—John G. Oglesby, anti-Thompson candidate for the Republican nomination for Governor was leading Len Small by 3,000 votes in nearly complete unofficial returns from Wednesday's state primary.

CHEVROLET HAS NEW HOME HERE

The Williams Auto Sales Company, the new home of the Chevrolet carload of Chevrolets since taking over the agency of this popular machine. The Chevrolet is daily demonstrating its superiority and popularity over the other low priced cars in this section and the up to date business methods and hustle of the Williams Sales Company is putting this machine in the hands of all those desiring a dependable substantial car at a popular price.

The Williams Auto Sales Company formerly handled the Ford agency in this section but seeing greater possibilities for more satisfactory business handling the Chevrolet gave up their Ford agency and took over the Chevrolet. The Chevrolet is daily demonstrating its superiority and popularity over the other low priced cars in this section and the up to date business methods and hustle of the Williams Sales Company is putting this machine in the hands of all those desiring a dependable substantial car at a popular price.

STATE-CENTRE STORE SOLD

A deal was closed during the past week whereby the store of the State Centre Electric company becomes the property of William Wrigley of Clearfield. Mr. Wrigley will take complete charge of the store at once. The new store will be known as the Electrical Supply company and this store will be under the management of Ward Fisher, of Philipsburg, who with his family will move to the apartments above the store. The stores at State College, Philipsburg, DuBois and Clearfield are also being taken over by Mr. Wrigley. The terms of the sale are based on the inventory of the stock in the store—Centre Democrat, Bellefonte, Pa.

DISTINGUISHED VISITOR IN TOWN

Ex-Governor Edward M. Scofield of Wisconsin, and his brother Harry Scofield, of Huston township, were Clearfield visitors for a couple of hours last evening. Governor Scofield was in attendance at Brookville's "old home" week and in company with his brother motored over to Clearfield for the purpose of visiting with their cousin Mrs. George N. Snyder.

The Scofields are former residents of Clearfield and have many friends among the older people of the town who are always glad to see them.

Reading and "Skimming"

It is said that Macaulay could read faster than most men could skim a book, but then he could laugh heartily at a Greek comedy. This whole thing is largely a matter of habit and training; a man can accustom himself to read steadily. On the other hand, the habit of skimming is one of the most pernicious to careful thinking. Once formed, it is very difficult to shake off, and the man that has allowed himself to slip into the easy primrose path of skimming, finds that he has missed one good thing after another.

BALLOT WILL BE BLANKET SIZE AT FALL ELECTION

The ballot to be used at the general election to be held in this state on November 2nd will more nearly approach the blanket size than any used in many years if indeed there ever was one of such great dimensions. Clearfield county commissioners Monday received a sample ballot from the office of George D. Thom, chief of the bureau of elections of the secretary of the commonwealth's office at Harrisburg. The ballot is 25 by 30 inches in size almost approaching the size of The Progress open. There will be eight party squares at the left of the ballot, giving persons affiliated with the Republican, Democratic, Socialist, Prohibition, Industrialist, Labor and Single Tax parties place. There is also a blank space for the insertion of any name the voter may desire. There are likewise eight columns for the reception of thirty-eight names each for presidential elector. At the head of these columns the names of the party candidates for president and vice-president are given. To vote a straight ballot will require but one mark—a mark in the square at the left side of the ballot although a complete ballot will require five marks, for there is a corner of the ballot devoted to the non-partisan feature of the election, there being a judge of both the supreme and superior courts to elect, and there are two constitutional amendments proposed and each voter may, if he is interested, vote for or against either or both of these. The voter of a "split" ticket, if he tickles a complete split, will have to make 52 separate marks.

HOW TO OWN YOUR OWN HOME

How to own your own home is a problem which confronts the great majority. That it is often-times easily solved, however, is revealed by the following simple experience as related by H. M. Perley, in "Life." "How did we do it? Simply by going without everything we needed. When I was first married, my salary as a third class mailman, was \$15.00 a month. My mother-in-law, who lived with us, decided to save enough out of my salary to build us a home. When the cellar was finished, I became ill and lost my position, and had to mortgage the cellar to make my first payment. Although we went without food for thirty days the first year, we never missed a monthly payment. The taxes, interest on mortgage, and monthly payment on the house were now three times the amount of my earnings. However, by dispensing with the services of a doctor, we lost our father and mother-in-law, which so reduced our expenses that we were able to pay for the parlor floor and windows. In ten years seven of our nine children died, possibly owing to our diet of excelsior and prunes. I only mention these little things to show how we were helped in saving or a home. I won the same overcoat for fifteen years, and was then able to build the front porch, which you see at the right of the front door. Now, at the age of eighty-seven, my wife and I feel sure we can own our comfortable little home in about ten years and live a few weeks to enjoy it.

HERE'S WISHING HIM LUCK

A well known painter and paper hanger was seen going up thru town before daylight this morning with a broom and snow shovel over his shoulder. Naturally people wanted to know what he was going to do with such implements this time of year and "Ole Sleuth" got busy. It developed that somebody tipped him off that before the great drought of one of the residents of Hillside buried several quarts in the snow banks up the hollow from Polk Bottom. He's after it strong today and if he finds it he will not wait until the ballots are counted to celebrate the election.

EBENSBURG MAN NAMED CAMBRIA COUNTY JURIST

HARRISBURG, Sept. 17.—John N. Evans, an Ebsenburg lawyer and brother-in-law of Justice John W. Kephardt, today was appointed Common Pleas judge of Cambria county, to succeed the late Judge Francis J. O'Connor. His commission will be forwarded immediately.

FERARI SHOWS HERE FOR THE FAIR

The Col. Francis Ferari Shows United which are furnishing the mighty midway for the Clearfield County Fair this year are the largest and finest shows of its kind that are on the road today traveling on their own special train of 20 cars and upward of 300 people.

The feature attraction of the Ferari shows is the trained world animal arena that has been the main attraction at all of the leading fairs throughout the country and was the main feature at the World's Fair, besides the largest animal arena in the world today they have some 15 other shows and three of the finest riding devices that money can secure. They have with them four of the world's most famous wild animal trainers performing at each and every performance in a large steel arena showing their wonderful mind against that of the strength of the beast. Don't fail to see the Great Herberline do his daring feats with his wonderful group of lions putting his head in between the jaws of the largest lion in captivity, also Princess Lillian known as the Queen of the Arena with her famous group of panthers, and Capt. Bernard featuring the only bicycle riding punas before the public today and many other hair raising feats that have never before paid the City of Clearfield a visit. Besides the big animal arena don't fail to go over the top with Capt. Ale Collins, go thru Hell-Gate Steeplechase, the Big Circus Side Show and famous other attractions that will be there for those that are seeking clean, wholesome and pleasing entertainment for the evening.

The Col. Francis Ferari shows will open one day before the fair as they will arrive in town over the N. Y. C. R. R. Sunday evening and will open all their shows and riding devices on Monday evening at 7 p. m. so that those that will not be able to get there during the fair will have a chance to see the largest and finest shows traveling today so don't forget the time, place and the date of the great Clearfield County Fair, Sept. 28.

IT'S DOWN NOW

The Progress not only attempts to give all the news of the community when it happens but we sometimes anticipate news items. One day last week we announced that the big maple shade tree in front of the Y. I. C. A. building had been cut down. Today a crew of men under the direction of the Shade Tree Commission succeeded in downing the monster, which had withstood the wind and terms of the past half century.

WILL ADD MACHINERY TO BAKERY

Geo. I. Thurston, manager of the trading of Workman canisters, and his trustee lieutenant, "Cot" Johnson, will leave Monday to attend the Master Bakers' National Convention at Atlantic City. While there they will purchase the new machinery that will be used in the Workman Bakery. The new machinery will include an enlarging extension roller and addition regulated by the power of gears for Workman Baker products.

MINERS DELIVER ULTIMATUM TO OPERATORS

Strike Vote Will Be Taken If
Operators Fail To Meet and
Treat With Them

FIVE DAYS TO MAKE CHOICE

The convention of delegates for District No. 2 U. M. W. of A. at DuBois, was still in executive session at 2:30 o'clock threshing out their plans for a possible joint conference with the operators on a wage adjustment for the district granting an increase in the digging price commensurate with the present high selling price of coal.

The convention decided yesterday to ask the operators for a 25 percent increase on a tonnage basis to equal the increase allowed to the company or day men, to ask for the abolition of ear pushing and the penalty clause in the present wage agreement.

It was further decided this morning by the convention to again ask the operators' committee to meet with the Policy Committee and make this request allows the operators five days in which to consider such request or ultimatum. If at the end of that period the operators still refused to meet the men a referendum vote on a strike to enforce the demands would be ordered.

The convention will likely conclude its work this afternoon.

THE BEDBUG

It is no disgrace to have bedbugs but it is a sign of indifference or carelessness to maintain this disgusting human parasite in the home. It is not generally known among housekeepers that this little "beggar" will migrate from one house to another, passing through cracks in walls or along the water pipes or gutters. Migration from an infested house is sure to happen if the human occupants leave.

During the dry these pests hide in all sorts of places; in the cracks of the floors, under washboards, and wall paper, in the walls, and where wooden beds are used they can be found in the cracks and under the slats.

The activity of bedbugs is regulated by the food supply. They feed exclusively upon human blood. They can go long periods without food. Carefully conducted experiments have proven that adults can live from 54 to 316 days without food. Even newly hatched bedbugs live 17 to 42 days without any food whatever.

The most effective method of controlling the bedbug provided the infested building is located, is to fumigate with hydrocyanic acid gas. It is DEADLY POISON and must be handled carefully by an experienced person. A bulletin upon household fumigation by this gas will be sent upon request.

A safe and effective remedy is heat. If the temperature of a building infested with bedbugs is raised to 135 degrees Fahrenheit, and that temperature maintained for twelve hours there will not be a live bug left in the building and the eggs will also have been killed. The heat will be far more effective if there is a high humidity. In steam heated houses this can be easily produced by opening the air cocks in the radiators.

For further information regarding household pests direct questions to the Bureau of Plant Industry Pennsylvania Department of Agriculture, Harrisburg.

Good Medicine!

The Journal of the American Medical Association recommends a laxative fruit cake made of equal parts of senna leaves, figs, dates, prunes, and raisins. It does not matter much whether the ingredients be weighed or measured, as exact proportioning is not essential. The dose is one slice large or small, according to the requirements of the individual.

TAXES: 2,500 B. C. AND NOW

One promptly subscribes to the expression "God bless the man who invented sleep," but he does not regard with complacency the thought of the man who first invented taxes. Anti-quarians have dug up on the banks of the Euphrates a clay tax receipt said to be 4,500 years old.

The fact that the imposition of taxes is an ancient, if not respected custom does not reconcile present-day contributors to the system to the burdens they feel they are called upon to bear. About the only thing the individual admits without demur is that taxes are necessary.

There are some persons who profess to take satisfaction in the payment of taxes in their numerous forms but everybody else knows that such persons are hypocrites of the rankiest sort—for how can any person get satisfaction out of dispensing money that is taken from his purse by due process of law?

About the only thing that can be done to relieve the situation brought about by the development of civilization, is to make taxes as easy as possible to pay, and sometimes a bit of innocent deception is necessary to convince the taxpayer that he is getting the worth of his money.

While few persons would have difficulty in finding things about which to complain, the business of paying taxes is such a popular cause of complaint that many folks might feel a sense of loss if taxes should be dispensed with. Occasionally, too, a few benefits from taxes can be traced by the person who is not altogether committed to pessimism.

BASEBALL MENACED

There is a cancer eating into the heart of baseball and unless those who are guiding the destinies of the national pastime have vision to perceive this baseball will decline in popularity as did walking matches wrestling racing and boxing. No sport can live with the taint of suspected crookedness and professional gamblers cannot enter into any sport without bringing with them that taint.

For many years base ball has been looked upon as the one wholly clean professional sport. On that record it has thrived until great fortunes have been invested in it and the stands of the major leagues have been filled with men and women who were glad to give their support to it because it was clean.

Now come rumors and charges and counter charges of games being framed at the instigation of gamblers; hand books for betting of all major league games are thriving in every big city in the country. Odds on games are openly posted for the betting public. The other day there were charges made that a Chicago National pitcher was involved in throwing a game with gamblers in on the deal. Two players already have been put under a cloud because of intimacy with gamblers. There are rumors that there was "something funny" about a recent world series. The other day a report was flashed over the country on stock tickers and gambling wires that four of the New York players had been injured or killed in Cleveland. It turns out to have been a gambler's hoax to influence betting odds and make a clean-up.

Baseball magnates however, always have fought against gambling as the greatest evil of the game. One would hate to believe that prosperity has turned their heads and made them less intolerant of the evil. The leaders of the major leagues owe it to their investments and to the sport itself to begin a campaign against the gamblers.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before Breakfast if your Back hurts or Bladder is troubling you

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Says a well-known authority. Meat

forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy offensive, full of sediment irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure thereby avoiding serious kidney complications.

NOTICE OF CLAIM UNDER THE INTESTATE ACT

In the Orphan's Court of Clearfield County, Pennsylvania.

In the matter of the Estate of David Sunderlin, deceased, late of Mahaffey Borough.

Notice is hereby given that Martha Sunderlin, widow of David Sunderlin, having presented her petition in that behalf has caused to be appraised and set aside to her under Section 2 of the Act of June, 1917, P. L. 429, subject to confirmation by the Court the following described real estate:

Those two certain lots or pieces of ground situate in the town of Mahaffey, County of Clearfield and State of Pennsylvania and known as lots numbers 4 and 5 in the plan of lots as laid out by J. B. Spiese, beginning at a post on corner of Front and Pine Street; thence North forty and one-half (40 1/2) degrees, west one hundred seventy-six (176) feet, west to Deer Alley; thence along said alley west one hundred twenty (120) feet to post; thence South one hundred thirty five (135) feet to Front Street; thence along Front Street, its several courses, one hundred twenty (120) feet to post on Pine Street and place of beginning and being the same promise which Andrew Penn, High Sheriff of Clearfield County, did and conveyed to Frank Fielberg by Deed Poll, dated May 23, 1879 and recorded in Deed Book Volume 27, page 688 et seq. and the said Frank Fielberg by deed dated May 23, 1916, 1881 and recorded in Deed Book 26, page 257 et seq. and the said Robert Mahaffey, by deed dated the 11 day of May, 1899, and being recorded in Deed Book the page 75 conveyed the same to David Sunderlin. Notice is further given that the appraisement appointed by the Court have valued said real estate at the sum of \$1500.00 and that said appraisement and value of the same is subject to the confirmation of the Court.

And the undersigned, the Clerk of the Orphan's Court of Clearfield County, do hereby give notice that the same will be confirmed at the Court House in Clearfield, Pa. on the 11th day of October, A. D. 1920 at 9 o'clock A. M. Any persons who have claims against said real estate or who have any interest therein are to appear at the said Court on the 11th day of October, A. D. 1920 at 9 o'clock A. M. and make their claims known to the Court.

SUNDAY SCHOOL LESSON

(© 1920, Western Newspaper Union)

LESSON FOR SEPTEMBER 19

EVILS OF INTEMPERANCE (TEMPERANCE LESSON).

LESSON TEXT—Prov. 23:29-34. **GOLDEN TEXT**—The drunkard and the glutton shall come to poverty.—Prov. 23:21.

ADDITIONAL MATERIAL—Dan. 1. **PRIMARY TOPIC**—Keeping Our Bodies Strong.

JUNIOR TOPIC—What Strong Drink Does to the Drinker.

INTERMEDIATE AND SENIOR TOPIC—Deadly Pacts in Disguise.

YOUNG PEOPLE AND ADULT TOPIC—Alcohol—False Claims and True Charges.

I. A Father's Wise Counsel (vv. 19-21).

1. What it is (v. 20). "Be not among winebibbers; among riotous eaters of flesh." This means persons who meet together for the express purpose of drinking intoxicating liquors and eating purely for the gratification of their appetites. Wine bibbing and gluttony usually go together.

2. Reason given (v. 21). "The drunkard and the glutton shall come to poverty." Intemperance in drinking and eating leads to ruin. Poverty inevitably follows in their wake.

II. Woes of Those Who Indulge in Wine (vv. 29, 30).

The miseries attached to the drunkard's life:

1. The awful pain which causes one to cry out "Oh!" Many, indeed, are the pains which men suffer because of strong drink.

2. Sorrow—the remorse which causes one to cry out "Alas!" Many are the expressions of bitter regret which daily come from the lips of the drunkard. Sometimes it is the sorrow of poverty of himself and family—clothed in rags and half starved; sometimes it is the sorrow of following a broken-hearted wife to the grave and seeing his children scattered among strangers.

3. Contentions—strife and quarreling. Much of the fighting among men is directly caused by their passions being inflamed by strong drink. The drunken man is always ready to take offense, as well as to give it.

4. Rabblings and complainings. The winebibber complains of everything, ill luck, broken fortune, ruined health, loss of friends, of fate and of God.

5. Wounds without a cause. These are wounds which might have been avoided—from fightings in which a sober man would not have engaged, and from accidents which are purely the result of intoxication.

6. Redness of eyes. This has reference to the bloodshot eye of the tippler which renders dim his vision.

All these woes come upon those who tarry long at wine (v. 30). Those who frequent the places of drinking soon are tarrying long at wine.

III. The Attitude Enjoined (v. 31).

Look not at it. Do not put yourself in the way of temptation. The only safe attitude toward strong drink is total abstinence, and the only sure way of total abstinence is not to even look at it.

IV. The Drunkard's Bitter End (vv. 32-35).

1. The acute miseries resulting (v. 32). "It biteh like a serpent, and stingeth like an adder." Strong drink, like the poison of the serpent, permeates the whole system and ends in the most fatal consequences—the bitterest sufferings and death.

2. The perversion of the moral sense (v. 33). (1) This excitement causes the eyes to behold strange things. This denotes the fantastic images produced on the brain of the drunkard. Since unbridled lust always goes with wine drinking, no doubt it is true as the Authorized Version has it, "Thine eyes shall behold strange women." Drunken men do desire and rave after unchaste women. (2) "Thine heart shall utter perverse things. His moral sense being perverted, his utterances partake of the same. He tells lies, his words cannot be relied upon. Any one who has had dealings with a drunkard knows that his statements cannot be relied upon.

3. He is insensible to danger (v. 34). The drunkard is unsteady; his brain reels to and fro. He is foolishly, even as one who would be in the top of a ship's mast where there is the greatest danger of falling off.

4. He is insensible to pain (v. 35). The drunkard is utterly ignorant of what happens to him while under the influence of strong drink. Many bruises and wounds the drunkard has which he cannot account for.

5. His abject bondage (v. 35). After all his suffering, sorrow, and disappointments, he goes on as a bond slave to follow the ways of sin.

6. Hell at last, for no drunkard shall inherit the kingdom of heaven (1 Cor. 6:10).

Melancholy.

Melancholy rears the worst of things—things as they might be, and not as they are. It looks upon a beautiful face, and sees but a grinning skull.—Bovee.

Thinking and Speaking.

Think all you speak, but speak not all you think. Thoughts are your own, your words are so no more.—Felling.

Good breeding is surface Christianity.—O. W. Holmes.

Home of Famous People.

Famous folk were among the authors, inventors, and composers who made Bardonia, Ky., their home. Take it from the Automobile Blue Book. The composer was Stephen Collins Foster, who composed "My Old Kentucky Home." The inventor was John Fitch, who built the first steamboat. The author, perhaps, better known than either of the two, was T. James, author of the phrase, "Hand, Up!"

Fish in a Power Plant.

Algae and other water growths persisted in growing in the cooling towers of a large power and light plant. Chemical solutions did not seem to affect them, and finally the company hit on the plan of placing carp in the towers. Immediately the water began to clear up, and soon all trace of algae had disappeared. The fish did not interfere with the purpose of the towers, so they still live there.—Popular Science Monthly.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, the alimentary tract, before putting more to enjoy an inside bath each morning food into the stomach. Girls and women with yellow skin, hay's waste, sour fermentations and putrid liver spots, pimples or pained complexion toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus clearing, sweetening and purifying the entire alimentary tract.

Girls and women with yellow skin, liver spots, pimples or pained complexion, also those who wake up with coated tongue, bad taste, nasty breath, indigestion, acid stomach or constipation should begin this phosphate treatment at once. A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to demonstrate that just as soon and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is very more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

SEARCH FOR WALL STREET BOMBERS FRUITLESS

WAGON, HORSESHOES AND HARNESS FURNISH ONLY POSSIBLE CLUES

EXPLOSION IN GENOA, ITALY, STOCK EX- CHANGE BELIEVED TO BE PART OF ANARCHIST PLOT

FLYNN SURE IT IS WORK OF REDS

NEW YORK, Sept. 18.—Federal, municipal and private operatives alike reported little progress today in establishing the identity of the alleged radical responsible for Thursday's bomb explosion which resulted in the death of 23 persons and the injury of 200. According to authorities, their chief interest in locating the driver of the "bomb wagon" was to find out through him the person "higher up." While the driver apparently was a trusted agent of the alleged plotters, it was not believed that he was in the inner council. The shoes removed from the horse which drew the wagon apparently remained the best clue.

Wm. J. Flynn, chief of the Department of Justice operatives, expressed belief today that Edward Fischer, arrested in Hamilton, Ont., on a charge of insanity, knew nothing about the explosion despite the fact that he sent warning letter to friend about the outrage in Wall Street. Flynn said he thought Fischer was "harmlessly insane."

More bomb outrages were feared today following discovery of pamphlets indicating the "anarchist fighters" who mailed scores of bombs to prominent citizens in May, 1919, were responsible for the Wall Street explosion Thursday.

Every operative of the Federal Government's detective spy system which resulted in the downfall of many German plots and bomb explosions during the war, were thrown into the hunt for the plotters today in an attempt to run them down before further outrages. The investigation in New York was in personal charge of Attorney General Palmer. It was learned that Palmer's dash to New York followed the discovery of anarchist literature in mail boxes near the scene of the explosion. The pamphlets are believed to have been put in the mail boxes yesterday morning.

There were 23 bodies at the city morgue today and two more were reported dead at hospitals.

HAMILTON, Ont., Sept. 18.—Edward Fischer, of New York, who sent letter warning friends of Thursday's bomb explosion in Wall Street, was held in jail here today pending deportation to the United States. Despite the efforts of his brother in law Robert Pope, to have Fischer sent to an insane asylum, it was believed the American authorities who have arrived here will succeed in having him removed to New York. Fischer is an American citizen and the Canadian law provides for his deportation as an undesirable alien. The only charge against Fischer is that of insanity.

GENOA (ITALY), Sept. 17. (Delayed.)—A bomb was exploded in the Genoa stock exchange today. There were no casualties and the damage was comparatively slight. No one has been held.

WASHINGTON, Sept. 18.—Government officials today were seeking to learn whether there was any connection between the Wall Street bomb explosion and the explosion yesterday in the stock exchange at Genoa, Italy. Reports from American intelligence officers in Italy were expected to reach here by the end of the day.

signed by the "anarchist fighters" of America, connects the present catastrophe with the attempted bombing in May, 1919, Justice Department officials pointed out. Attorney General Palmer at that time connected the bomb outrages with the Russian Bolsheviks. He expects to trace a direct connection between the radicals and their agents in the United States.

NEW YORK, Sept. 18.—The police announced today that the harness worn by the horse which drew the "bomb wagon" was apparently made for a coach horse. They express the belief that it had been manufactured in Kingston, N. Y., and have sent operatives to investigate. The detectives this afternoon decided to inspect the street sweepings taken from Wall Street after the explosion. These sweepings were on a scow bound for a dumping ground at sea. A tug was sent out after the scow and it will be brought back in an effort to obtain additional clues.

HARD COAL MEN GO BACK MONDAY

SCRANTON, Sept. 18.—The "vacationists" strike of anthracite mine workers in District No. 1 will be definitely at an end Monday morning the "vacationists" having unanimously voted at a meeting here yesterday to return to work on that date in accordance with the advice of the tri-district policy committee which met in Hazleton. Practically all of the colliers in the district are already operating and many "vacationists" are not waiting until Monday to return to work but started this morning.

CAPT. PRICE REFUSED NEW TRIAL

PITTSBURGH, Sept. 18.—Captain Earl Price, University of Pittsburgh student, who last May was convicted of manslaughter in connection with the murder of Albert Love, a negro bell boy at a local hotel, was refused a new trial by Judge Haymaker today. Price's home is in Racine, Wis. His attorney will take a further appeal.

CLOSING STOCKS

NEW YORK, Sept. 18.—Closing prices on the stock exchange today were: American Locomotive 97, Baldwin Locomotive 113½, B. & O. 44½, Canadian Pacific 122, Crucible Steel 127½, Erie Railroad 20½, General Motors 21½, General Electric 143½, Midvale 40, Penna. 42½, Republic Iron and Steel 84, St. Clair 61¼, United States Steel 61½, Westinghouse Electric 49.

GERMANS EAT CROW

BERLIN, Sept. 18.—A company of German Reichwehr saluted the flag over the French consulate at Breslau yesterday in apology for a recent attack on that building. Martial law was in effect throughout the day as a precaution against anti-French demonstrations.

ANOTHER FORD VICTIM

Harford, Md. lost a one-round battle with his flayer on Thursday evening and as a result is going about with his good right arm in a sling. He was cracking the Ford with the usual result and he will enjoy an enforced vacation for the next few weeks.

ANTI-THOMPSON MEN SWING INTO LEAD IN ILLINOIS

CHICAGO, Sept. 18.—John G. Oglesby, anti-Thompson candidate for the Republican nomination for Governor was leading Len Small by 3,000 votes in nearly complete unofficial returns from Wednesday's state primary.

The count for the Senatorial race today indicated a lead of nearly 16,000 for Wm. E. McKinley, Republican candidate on the Lowden ticket, over Frank L. Smith, Thompson man.

CHEVROLET HAS NEW HOME HERE

The Williams Auto Sales Company the new home of the Chevrolet carload of Chevrolets since taking over the agency of this popular machine. The Chevrolet is daily demonstrating its superiority and popularity over the other low priced cars in this section and the up to date business methods and hustle of the Williams Sales Company is putting this machine in the hands of all those desiring a dependable substantial car at a popular price.

The Williams Auto Sales Company formerly handled the Ford agency in this section but seeing greater possibilities for more satisfactory business handling the Chevrolet gave up their Ford agency and took over the Chevrolet.

The Williams Auto Sales Company their third street sales room has a competent force ready and willing at all times to tell you of the advantages of owning a Chevrolet and will demonstrate the car's many good points at short notice to all inquiring prospective purchasers. A complete line of parts is also kept on hand.

STATE-CENTRE STORE SOLD

A deal was closed during the past week whereby the store of the State Centre Electric company becomes the property of William Wrigley of Clearfield. Mr. Wrigley will take complete charge of the store at once. The new store will be known as the Electrical Supply company and this store will be under the management of Ward Fisher, of Philipsburg, who with his family will move to the apartments above the store. The stores at State College, Philipsburg, DuBois and Clearfield are also being taken over by Mr. Wrigley. The terms of the sale are based on the inventory of the stock in the store—Centre Democrat, Bellefonte, Pa.

DISTINGUISHED VISITOR IN TOWN

Ex-Governor Edward M. Scofield of Wisconsin, and his brother Harry Scofield, of Huston township, were Clearfield visitors for a couple of hours last evening. Governor Scofield was in attendance at Brookville's "old home" week and in company with his brother motored over to Clearfield for the purpose of visiting with their cousin Mrs. George N. Snyder.

The Scofields are former residents of Clearfield and have many friends among the older people of the town who are always glad to see them.

Reading and "Skimming"

It is said that Macaulay could read faster than most men could skim and faster than they could skip. No doubt, but then he could laugh heartily at a Greek comedy. This whole thing is largely a matter of habit and training; a man can accustom himself to read steadily. On the other hand, the habit of skimming is one of the most pernicious to careful thinking. Once formed, it is very difficult to shake off, and the man that has allowed himself to slip into the easy primrose path of skimming, finds that he has missed one good thing after another.

BALLOT WILL BE BLANKET SIZE AT FALL ELECTION

The ballot to be used at the general election to be held in this state on November 2nd will more nearly approach the blanket size than any used in many years if indeed there ever was one of such great dimensions. Clearfield county commissioners Monday received a sample ballot from the office of George D. Thom, chief of the bureau of elections of the secretary of the commonwealth's office at Harrisburg. The ballot is 25 by 30 inches in size almost approaching the size of The Progress open. There will be eight party squares at the left of the ballot, giving persons affiliated with the Republican, Democratic, Socialist, Prohibition, Industrialist, Labor and Single Tax parties place. There is also a blank space for the insertion of any name the voter may desire. There are likewise eight columns for the reception of thirty-eight names each for presidential elector. At the head of these columns the names of the party candidates for president and vice-president are given. To vote a straight ballot will require but one mark—a mark in the square at the left side of the ballot although a complete ballot will require five marks, for there is a corner of the ballot devoted to the non-partisan feature of the election, there being a judge of both the supreme and superior courts to elect, and there are two constitutional amendments proposed and each voter may, if he is interested, vote for or against either or both of these. The voter of a "split" ticket, if he tickles a complete split, will have to make 52 separate marks.

HOW TO OWN YOUR OWN HOME

How to own your own home is a problem which confronts the great majority. That it is often-times easily solved, however, is revealed by the following simple experience as related by H. M. Perley, in "Life." "How did we do it? Simply by going without everything we needed. When I was first married, my salary as a clerk was \$100 a month. My mother-in-law, who lived with us, decided to save enough out of my salary to build us a home. When the cellar was finished, I became ill and lost my position, and had to mortgage the cellar to make my first payment. Although we went without food for thirty days the first year, we never missed a monthly payment. The taxes, interest on mortgage, and monthly payment on the house were now three times the amount of my earnings. However, by dispensing with the services of a doctor, we lost our father and mother-in-law, which so reduced our expenses that we were able to pay for the parlor floor and windows. In ten years seven of our nine children died, possibly owing to our diet of excelsior and prunes. I only mention these little things to show how we were helped in saving or a home. I won the same overcoat for fifteen years, and was then able to build the front porch, which you see at the right of the front door. Now, at the age of eighty-seven, my wife and I feel sure we can own our comfortable little home in about ten years and live a few weeks to enjoy it.

HERE'S WISHING HIM LUCK
A well known painter and paper hanger was seen going up thru town before daylight this morning with a broom and snow shovel over his shoulder. Naturally people wanted to know what he was going to do with such implements this time of year and "Old Sleuth" got busy. It developed that somebody tipped him off that before the great drought of one of the residents of Hillside buried several quarts in the snow banks up the hollow from Polk's Bottom. He's after it strong today and if he finds it he will not wait until the ballots are counted to celebrate the election.

EBENSBURG MAN NAMED CAMBRIA COUNTY JURIST

HARRISBURG, Sept. 17.—John N. Evans, an Ebensburg lawyer and brother-in-law of Justice John W. Keppart, today was appointed Common Pleas judge of Cambria county, to succeed the late Judge Francis J. O'Connor. His commission will be forwarded immediately.

FERARI SHOWS HERE FOR THE FAIR

The Col. Francis Ferari Shows United which are furnishing the mighty midway for the Clearfield County Fair this year are the largest and finest shows of its kind that are on the road today traveling on their own special train of 20 cars and upward of 300 people.

The feature attraction of the Ferari shows is the trained world animal arena that has been the main attraction at all of the leading fairs throughout the country and was the main feature at the World's Fair, besides the largest animal arena in the world today they have some 15 other shows and three of the finest riding devices that money can secure. They have with them four of the world's most famous wild animal trainers performing at each and every performance in a large steel arena showing their wonderful mind against that of the strength of the beast. Don't fail to see the Great Herberdine do his daring feats with his wonderful group of lions putting his head in between the jaws of the largest lion in captivity, also Princess Lillian known as the Queen of the Arena with her famous group of panthers, and Capt. Bernard featuring the only bicycle riding punas before the public today and many other hair raising feats that have never before paid the City of Clearfield a visit. Besides the big animal arena don't fail to go over the top with Capt. Ale Collins, go thru Hell-Gate Steeplechase, the Big Circus Side Show and famous other attractions that will be there for those that are seeking clean, wholesome and pleasing entertainment for the evening.

The Col. Francis Ferari shows will open one day before the fair as they will arrive in town over the N. Y. C. R. R. Sunday evening and will open all their shows and riding devices on Monday evening at 7 p. m. so that those that will not be able to get there during the fair will have a chance to see the largest and finest shows traveling today so don't forget the time, place and the date of the great Clearfield County Fair, Sept. 28.

IT'S DOWN NOW

The Progress not only attempts to give all the news of the community when it happens but we sometimes anticipate news items. One day last week we announced that the big maple shade tree in front of the Y. I. C. A. building had been cut down. Today a crew of men under the direction of the Shade Tree Commission succeeded in downing the monster, which had withstood the wind and terms of the past half century.

WILL ADD MACHINERY TO BAKERY

Geo. I. Thurston, manager of the trading of Workman canisters, and his trustee lieutenant, "Cot" Johnson, will leave Monday to attend the National Bakers' Convention at Atlantic City. While there they will purchase the new machinery that will be used in the Workman Bakery. The new machinery will include an extensive extension and addition necessitated by the new order of demand for Workman Baker products.

MINERS DELIVER ULTIMATUM TO OPERATORS

Strike Vote Will Be Taken If
Operators Fail To Meet and
Treat With Them

FIVE DAYS TO MAKE CHOICE

The convention of delegates for District No. 2 U. M. W. of A. at DuBois, was still in executive session at 2:30 o'clock threshing out their plans for a possible joint conference with the operators on a wage adjustment for the district granting an increase in the digging price commensurate with the present high selling price of coal.

The convention decided yesterday to ask the operators for a 25 percent increase on a tonnage basis to equal the increase allowed to the company or day men, to ask for the abolition of ear pushing and the penalty clause in the present wage agreement.

It was further decided this morning by the convention to again ask the operators' committee to meet with the Policy Committee and make this request allows the operators five days in which to consider such request or ultimatum. If at the end of that period the operators still refused to meet the men a referendum vote on a strike to enforce the demands would be ordered.

The convention will likely conclude its work this afternoon.

THE BEDBUG

It is no disgrace to have bedbugs but it is a sign of indifference or carelessness to maintain this disgusting human parasite in the home. It is not generally known among housekeepers that this little "beggar" will migrate from one house to another, passing through cracks in walls or along the water pipes or gutters. Migration from an infested house is sure to happen if the human occupants leave.

During the dry these pests hide in all sorts of places; in the cracks of the floors, under washboards, and wall paper, in the walls, and where wooden beds are used they can be found in the cracks and under the slats.

The activity of bedbugs is regulated by the food supply. They feed exclusively upon human blood. They can go long periods without food. Carefully conducted experiments have proven that adults can live from 54 to 316 days without food. Even newly hatched bedbugs live 17 to 42 days without any food whatever.

The most effective method of controlling the bedbug provided the infested building is located, is to fumigate with hydrocyanic acid gas. It is DEADLY POISON and must be handled carefully by an experienced person. A bulletin upon household fumigation by this gas will be sent upon request.

A safe and effective remedy is heat. If the temperature of a building infested with bedbugs is raised to 135 degrees Fahr., and that temperature maintained for twelve hours there will not be a live bug left in the building and the eggs will also have been killed. The heat will be far more effective if there is a high humidity. In steam heated houses this can be easily produced by opening the air cocks in the radiators.

For further information regarding household pests direct questions to the Bureau of Plant Industry Pennsylvania Department of Agriculture, Harrisburg.

Good Medicine!

The Journal of the American Medical Association recommends a laxative fruit cake made of equal parts of senna leaves, figs, dates, prunes, and raisins. It does not matter much whether the ingredients be weighed or measured, as exact proportioning is not essential. The dose is one slice large or small, according to the requirements of the individual.

It might help some to have more men get on friendly terms with an alarm clock.

A person instinctively puts his hand on his pocketbook when he hears an orator haranguing against American institutions.

TAXES: 2,500 B. C. AND NOW

One promptly subscribes to the expression "God bless the man who invented sleep," but he does not regard with complacency the thought of the man who first invented taxes. Anti-quarians have dug up on the banks of the Euphrates a clay tax receipt said to be 4,500 years old.

The fact that the imposition of taxes is an ancient, if not respected custom does not reconcile present-day contributors to the system to the burdens they feel they are called upon to bear. About the only thing the individual admits without demur is that taxes are necessary.

There are some persons who profess to take satisfaction in the payment of taxes in their numerous forms but everybody else knows that such persons are hypocrites of the rankiest sort—for how can any person get satisfaction out of dispensing money that is taken from his purse by due process of law?

About the only thing that can be done to relieve the situation brought about by the development of civilization, is to make taxes as easy as possible to pay, and sometimes a bit of innocent deception is necessary to convince the taxpayer that he is getting the worth of his money.

While few persons would have difficulty in finding things about which to complain, the business of paying taxes is such a popular cause of complaint that many folks might feel a sense of loss if taxes should be dispensed with. Occasionally, too, a few benefits from taxes can be traced by the person who is not altogether committed to pessimism.

BASEBALL MENACED

There is a cancer eating into the heart of baseball and unless those who are guiding the destinies of the national pastime have vision to perceive this baseball will decline in popularity as did walking matches wrestling racing and boxing. No sport can live with the taint of suspected crookedness and professional gamblers cannot enter into any sport without bringing with them that taint.

For many years base ball has been looked upon as the one wholly clean professional sport. On that record it has thrived until great fortunes have been invested in it and the stands of the major leagues have been filled with men and women who were glad to give their support to it because it was clean.

Now come rumors and charges and counter charges of games being framed at the instigation of gamblers; hand books for betting of all major league games are thriving in every big city in the country. Odds on games are openly posted for the betting public. The other day there were charges made that a Chicago National pitcher was involved in throwing a game with gamblers in on the deal. Two players already have been put under a cloud because of intimacy with gamblers. There are rumors that there was "something funny" about a recent world series. The other day a report was flashed over the country on stock tickers and gambling wires that four of the New York players had been injured or killed in Cleveland. It turns out to have been a gambler's hoax to influence betting odds and make a clean-up.

Baseball magnates however, always have fought against gambling as the greatest evil of the game. One would hate to believe that prosperity has turned their heads and made them less intolerant of the evil. The leaders of the major leagues owe it to their investments and to the sport itself to begin a campaign against the gamblers.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before Breakfast if your Back hurts or Bladder is troubling you

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure thereby avoiding serious kidney complications.

LESSON FOR SEPTEMBER 19

EVILS OF INTEMPERANCE (TEMPERANCE LESSON).

LESSON TEXT—Prov. 23:29-34. 35. GOLDEN TEXT—The drunkard and the glutton shall come to poverty.—Prov. 23:21.

ADDITIONAL MATERIAL—Dan. 1. PRIMARY TOPIC—Keeping Our Bodies Strong.

JUNIOR TOPIC—What Strong Drink Does to the Drinker.

INTERMEDIATE AND SENIOR TOPIC—Deadly Pacts in Disguise.

YOUNG PEOPLE AND ADULT TOPIC—Alcohol—False Claims and True Charges.

I. A Father's Wise Counsel (vv. 29-34).

1. What it is (v. 29). "Do not among winebibbers; among riotous eaters of flesh." This means persons who meet together for the express purpose of drinking intoxicating liquors and eating purely for the gratification of their appetites. Wine bibbing and gluttony usually go together.

2. Reason given (v. 21). "The drunkard and the glutton shall come to poverty." Intemperance in drinking and eating leads to ruin. Poverty inevitably follows in their wake.

II. Woes of Those Who Indulge in Wine (vv. 29, 30).

The miseries attached to the drunkard's life:

1. The awful pain which causes one to cry out "Oh!" Many, indeed, are the pains which men suffer because of strong drink.

2. Sorrow—the remorse which causes one to cry out "Alas!" Many are the expressions of bitter regret which daily come from the lips of the drunkard. Sometimes it is the sorrow of poverty of himself and family—clothed in rags and half starved; sometimes it is the sorrow of following a broken-hearted wife to the grave and seeing his children scattered among strangers.

3. Contentions—strife and quarreling. Much of the fighting among men is directly caused by their passions being inflamed by strong drink. The drunken man is always ready to take offense, as well as to give it.

4. Rabblings and complainings. The winebibber complains of everything, ill luck, broken fortune, ruined health, loss of friends, of fate and of God.

5. Wounds without a cause. These are wounds which might have been avoided—from fightings in which a sober man would not have engaged, and from accidents which are purely the result of intoxication.

6. Redness of eyes. This has reference to the bloodshot eye of the tippler which renders dim his vision.

All these woes come upon those who tarry long at wine (v. 30). Those who frequent the places of drinking soon are tarrying long at wine.

III. The Attitude Enjoined (v. 31).

Look not at it. Do not put yourself in the way of temptation. The only safe attitude toward strong drink is total abstinence, and the only sure way of total abstinence is not to even look at it.

IV. The Drunkard's Bitter End (vv. 32-35).

1. The acute miseries resulting (v. 32). "It biteh like a serpent, and stingeth like an adder." Strong drink, like the poison of the serpent, permeates the whole system and ends in the most fatal consequences—the bitterest sufferings and death.

2. The perversion of the moral sense (v. 33). (1) This excitement causes the eyes to behold strange things. This denotes the fantastic images produced on the brain of the drunkard. Since unbridled lust always goes with wine drinking, no doubt it is true as the Authorized Version has it, "Thine eyes shall behold strange women." Drunken men do desire and rave after unchaste women. (2) "Thine heart shall utter perverse things. His moral sense being perverted, his utterances partake of the same. He tells lies, his words cannot be relied upon. Any one who has had dealings with a drunkard knows that his statements cannot be relied upon.

3. He is insensible to danger (v. 34). The drunkard is unsteady; his brain reels to and fro. He is foolishly, even as one who would be in the top of a ship's mast where there is the greatest danger of falling off.

4. He is insensible to pain (v. 35). The drunkard is utterly ignorant of what happens to him while under the influence of strong drink. Many bruises and wounds the drunkard has which he cannot account for.

5. His abject bondage (v. 35). After all his suffering, sorrow, and disappointments, he goes on as a bond slave to follow the ways of sin.

6. Hell at last, for no drunkard shall inherit the kingdom of heaven (1 Cor. 6:10).

Melancholy.

Melancholy sees the worst of things—things as they might be, and not as they are. It looks upon a beautiful face, and sees but a grinning skull.—Bovee.

Thinking and Speaking.

Think all you speak, but speak not all you think. Thoughts are your gods, your words are so no more.—Felling.

Surface Christianity.

Good breeding is surface Christianity.—O. W. Holmes.

SPECIAL ADDED ATTRACTIONS

TUESDAY

"Riders of the Dawn"

An Extraordinary Feature

Adapted from ZANE GREY'S "The Desert of Whent" A new and spirited photoplay of the "Land of romance and unrest" depicting the clever manner in which the destroying of the wheat lands by labor agitators was prevented. No story so vigorous, so crowded with action, has graced the screen before.

SPECIAL ADDED ATTRACTIONS

WEDNESDAY

Tom Mix

In

"The Speed Maniac"

TOM MIX'S greatest, in which a dauntless westerner starts in search of adventure, rescues Cupid from a perilous perch and defends himself against a jealous rival. A six-cylinder romance in which all records are shattered.

SPECIAL ADDED ATTRACTIONS

THURSDAY

Tom Moore

In

"The Great Accident"

From Ben Ames Williams Saturday Evening Post story. He cleaned up everything. His weakness—drunk—got the first blow. A political gang was his second victim. Then Dan Cupid aimed at him and the "Accidental" Mayor won the girl he loved.

SPECIAL ADDED ATTRACTIONS

Mrs. H. A. Kratzky, of Chestertown, Md., is a guest at the home of her sister, Mrs. Edgar Shaw, on West Second avenue.

Elmer Botch, one of the old time Clearfield boys who left here and located in Tyne away back in 1882, is spending a couple of days with Mr. and Mrs. James Carns at their home in Paradise. He hunted up some of his old schoolmates while here and was kept busy recounting experiences in the old days.

Miss Elva Cathcart left yesterday for Williamsport where she will enroll as a student at the Williamsport Business College.

Capt. E. Toplis of the local Salvation Army corps has been requested by Colonel Wm. Evans of Pittsburgh headquarters to assist a few days upon a financial campaign at Pittsburgh. He is expected to be there Monday, Sept. 20th.

Mrs. A. M. Boalich and two children returned yesterday from Indiana where they had been visiting several days with Mrs. J. M. Sweitzer.

Mrs. Russell Shaw and Ida Vogle are visiting friends in Houtzdale.

Charlie Blight spent the past week with friends in Jamestown.

Sam Mirkin and Mose Robinson have returned from a trip to Philadelphia, New York and Atlantic City.

Last evening the C. E. G. Club met at the home of Miss Margaret Lynch.

Mr. and Mrs. C. G. Harrington were guests at the meeting.

Mrs. William Orr of Glen Richey spent yesterday shopping in town.

Mrs. H. S. Whitehill and two daughters left this morning for Elmira, N. Y., where they will visit at the home of Mrs. Whitehill's brother, S. H. Turner.

Miss Maribell Leighow entertained a number of her friends last evening at a corn roast in Murray's Woods.

Mr. and Mrs. Boyd Smith of Fourth street left this morning for Pittsburgh where they will visit relatives.

Miss Madeline Porter will leave tomorrow for Ithaca, N. Y., where she will resume her studies at the Ithaca Conservatory of Music.

Miss Margaret Wilson left this morning for Tyne where she will spend the week end with her parents. From there she will go to Philadelphia where she will enter Drexel as a student. She was accompanied by her aunt, Mrs. M. T. Bowman.

Mr. and Mrs. L. R. Guelich will spend the week end with friends in Johnstown.

Miss Alice Wood of Gramplan spent the day with friends here.

JOHN GILBERT IMPROVING
FINELY

John Gilbert, who has been living with his sister in Lock Haven since having one of his legs amputated at the Clearfield Hospital, was a Clearfield visitor yesterday. His host of friends will be pleased to learn that he is now improving finely and will soon be in shape to try out a brand new store leg he has secured to replace the amputated running gear.

When "Sister" Irons

It's just like play with an electric. And it is play for her. It's so light and easy.

Let "sister" help you more. Her tiny hands are plenty strong for an electric iron.

There's no risk with an electric. The handle is always cool. It glides smoothly over your most delicate garments. There's no danger from scorching. "Sister" will be tickled—she'll be learning a valuable household duty.

Besides, on regular wash day an Electric Iron is the Master of those important Wash Day ceremonies. No task is too big or too little for an Electric. There's a size for every choice.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, to enjoy an inside bath each morning is to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus clearing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach. Girls and women with sallow skins, liver spots, pimples or palid complexions, also those who wake up with coated tongue, bad taste, nasty breath, or who are bothered with constipation should begin this phosphate water drinking and are assured of very pronounced results in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store as soon and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is very more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

Five years ago, if you would have told us

that it was possible to make an absolutely boy proof suit we would have smiled.

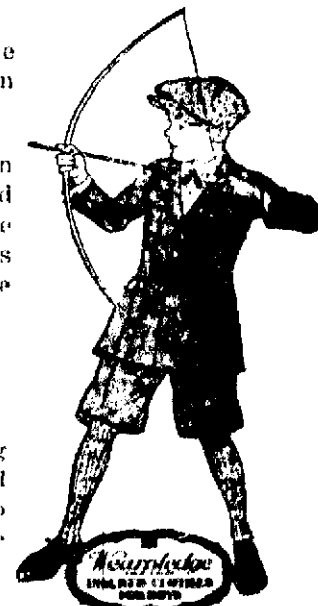

We didn't think it could be done so we didn't waste any time in thinking about it.

But strange things happen when science takes off its coat and goes to work. And in this case where it dealt with boys' clothes it has accomplished a man's size job.

WEARPLEDGE

is the name of the invention. It's a brand of Boys' Clothing that is so well manufactured that its inventor can afford to insure it without taking his life in his hand.

Every WEARPLEDGE garment is pledged to wear to your satisfaction. So you can draw your own mental picture of how handsomely tailored the clothes must be to stand this insurance.

Wearpledge Spring Suits are made in sizes 6 to 18 years and can't be beat. This store is the exclusive headquarters in Clearfield.
